ABOUT MNE2021

MNE2021 in Torino (Italy) will be the 47th edition of the MNE conference series that started in Cambridge in 1975, and was held most recently in Braga (2017), Copenhagen (2018) and Rhodes (2019).

The MNE2020 conference in Leuven had to be cancelled because of the COVID-19 outbreak, but we are working hard for making of the MNE2021 an unforgettable edition. It will be the chance for companies to showcase their latest products and to meet potential customers, scientists and technologists, who will join MNE for showing their results over the last two years.

The MNE 2021 edition returns to Italy, after 11 years, and it will be hosted for the first time in the beautiful and charming Torino, the capital of the Piedmont Region located in the north-west of Italy. Torino, surrounded on the West and North by the Alps and on South by the famous Langhe hills, is famous for its architectural masterpieces (castles, noble palaces, and museums) and enogastronomy, with red wines, chocolate and cheese among its excellences. The 3-day conference format includes 3 parallel sessions, plenary talks, invited presentations, oral and poster presentations (evaluated by the International Program Committee), an industrial oral session and a commercial exhibition.

The social program has been designed to make the social events memorable from the MNE2021 beginning to its end. Indeed, we are planning to have a closing concert in the MNE2021 venue auditorium which will motivate all the attendees to stay until the MNE2021 very end.

We are therefore very confident that the investment in MNE2021 sponsorship and exhibition will boost the promotion of your company and products.

Massimo De Vittorio (MNE 2021 General Chair)

Fabrizio Pirri (MNE2021 co-Chair)
